

## Subject index to Volume 7 (1976)

<i>Blood groups and biochemical polymorphism in cattle</i>	
An IgG <sub>1</sub> allotype in cattle: R. L. Spooner and P. Millar	15
Studies on hemoglobin variants in Korean cattle: Sang Kee Han and S. Suzuki	21
Polymorphism of phosphoglucomutase in cattle leucocytes: D. Probeck and H. Geldermann	33
Cattle allotypes: A review and suggested nomenclature: H. E. Faber and W. H. Stone	39
J blood group active lipoproteins extracted from bovine erythrocytes: B. Kirchhof, O. W. Thiele, M. E. Petri and J. Koch	51
New protein polymorphisms in cattle: F. Thinnies, H. Geldermann and U. Wens	73
Removal of blood group determinants from bovine erythrocyte membranes. 3. Action of proteolytic enzymes on intact cells: H. C. Hines, C. L. Trowbridge and G. L. Zink	91
Polymorphism of phosphoglucomutase in a German cattle breed: R. Ananthakrishnan and P. Schneider	133
Bovine lymphocyte antigens: serological relationships with erythrocyte and spermatozoan antigens: R. L. Folger and H. C. Hines	137
The maltase activity of bovine serum as an aid to the study of the Amylase I locus: M. W. Griffiths and W. Banks	201
Studies on red cell carbonic anhydrase types in Korean cattle: Sang Kee Han and S. Suzuki	217
<i>Blood groups and biochemical polymorphism in pig</i>	
Blood groups and serum protein polymorphisms in the Pitman-Moore and Ohmini strains of miniature pigs: T. Oishi and T. Tomita	27
A transferrin variant Tf I in crosses of the wild and domestic pigs: V. Glasnák, A. Stratil and W. Schlegler	59
Immunogenetic polymorphism of lipoproteins in swine: 1. Four additional serum $\beta$ -lipoprotein allotypes (Lpp2, Lpp4, Lpp5 and Lpp15) in the Lpp system: J. Rapacz, J. Hasler-Rapacz, W. H. Kuo and D. Li	157
Low-density $\beta$ -lipoproteins (LDL) in swine: investigations of linkage relationships: E. Andresen, J. Rapacz and J. Hasler-Rapacz	185
<i>Blood groups and biochemical polymorphism in sheep</i>	
Genetic variation in the purine nucleoside phosphorylase activity of sheep red cells: E. M. Tucker and J. D. Young	109
Haemoglobin and transferrin polymorphism in the Muzaffarnagri breed of sheep and its crosses with Corriedale: S. K. Sharma, Pran P. Bhat and P. N. Bhat	129
The significance of transferrin and R-O-i polymorphisms in sheep: B. A. Rasmusen	147
Some physiological aspects of genetic variation in the blood of sheep: E. M. Tucker	207
<i>Blood groups and biochemical polymorphism in chicken</i>	
Interaction of genes controlling two allotypes in chickens: W. Janicka-Mazur, Jan Węgrzyn and M. Dunec	119
Characterization of chicken plasma alkaline phosphatase isozymes by urea and heat treatments: Y. Tamaki and T. Morichi	179
The contribution of isozymes to alkaline phosphatase activity in chicken plasma: Y. Tamaki, T. Abe and S. Watanabe	225
Observations on blood plasma postalbumins and hatchability of chickens: J. Kuryl and J. Gasparska	241
<i>Blood groups and biochemical genetics in fish</i>	
Electrophoretic variation in intertidal and subtidal organisms in Puget Sound, Washington: A. G. Johnson and F. M. Utter	3

Observations on blood plasma postalbumins and hatchability of chickens: J. Kuryl and J. Gasparska	241
<i>Blood groups and biochemical genetics in fish</i>	
Electrophoretic variation in intertidal and subtidal organisms in Puget Sound, Washington: A. G. Johnson and F. M. Utter	3

## INDEX

<i>Blood groups and biochemical polymorphism in laboratory animals</i>	
Genetic variation of pancreatic esterase isozyme in Japanese quail: T. Hashiguchi, Loh Soo Bean, Y. Maeda and M. Taketomi	65
Biochemical gene markers in the gerbil <i>Tatera brantsii</i> from Lesotho: F. W. Maurer Jr., J. Op 't Hof and D. R. Osterhoff	231
<i>Miscellany</i>	
A note on serological interpretations: C. Denniston	101
Current developments in the genetics of livestock improvement: E. P. Cunningham	191
<i>Society news</i>	
Obituary notice: Mr J. C. Baron	127
Meeting of the Horse Research Section at the 15th ISABR Conference	187
Horse Blood Typing Comparison Test 1975	187
First Reference Test for Horse Blood Typing, 1974	188
1975 Cattle Comparison Test	247
Announcement	251
